Dear Mr. Webre,

I am writing to recommend the services of Freidkes & Co., CPA.

Freidkes have been working for us since 2012 as our accountants and bookkeepers. Their knowledge and attention to detail have aided in keeping our company on track and in sync with our mother company, a 76000 employees corporation from Germany.

I feel confident in recommending Freidkes & Co.'s accounting services. Not only due to the professional aspect, but also because they are easy to work with, always willing to take the time to discuss my concerns and respond promptly to any questions.

I believe that Freidkes & Co. are "old style professionals" that do not see just fees as their goal but also or mainly the success and security of their customers.

Yours Sincerely,

David Rechler  
General Manager  
Schaeffler Israel Ltd.
